Professional Development Program for Educators

info@knowledge-pillars.com | +1 (801) 610-9295 | www.knowledge-pillars.com

Fastrack certification attainment in your school district, meet your K-12 certification achievement goals and give your students the opportunity to develop skills necessary to be productive citizens. If you're considering a professional program for educators in your district this summer, consider the Professional Development (PD) Program from Knowledge Pillars.

- **12 Hour Workshop (choose between Python, C#, JavaScript, WordPress and others.**
- **Certification + Practice Test Included**
- **Access recordings for up to 90 days**
- **Choose between Virtual or In-Person**

Giving Your Students Real Credentials for Real Coding Skills

Recommended pre-workshop preparation requirement:

Dedicate a minimum of 1 hour to the workshop related coding language practice test. This will help you be prepared for the big training day.

Attend the 12-hour expert-led workshop:

This workshop is approximately 12 hours divided into four equal sessions. The sessions are mostly practical to ensure applied learning.

Recommended pre-exam preparation requirement:

We recommend that you complete an additional 2-4 hours of the workshop related coding language practice test before the exam.

Knowledge Pillars Certification Exams & Practice Tests

About Knowledge Pillars

Established in 2020, Knowledge Pillars (KP) is the result of over four decades of expertise in the EdTech industries, building complex in-app questions-based vendor-neutral IT certification and practice tests. These 100% web-based certifications and skills validation services are globally recognized and highly sought after by teachers and potential employers, offering unique credentials for unique skills. These state-approved certification exams can also easily be incorporated into the middle school, K-12, post-secondary and technical college curriculum. All exams go through quality standard settings to make sure we align to the highest psychometric parameters making our certifications a top set of credentials available worldwide.
